

Dreamin'

Note: while playing G chord, on D string, play E note then F# then back to E

I play G with middle finger on A, ring finger on low E, pinky on high E

G

Mother, show some mercy

Am C G

To your son

G

Time has cast its shadow

Am C G

If he could he'd run

Fly on fortune fly me

High above the good ground

Night will turn to morning

There won't be a sound

Waiting always waiting

Wait just a dream

The sky changes color

It's just what it seems

G

Dreamin' always dreamin'

Am C G

Dreamin' just another dream

Mother won't you smile

To your child

Time's left him chasing fortunes

Searching his last mile
